## Emergency and Trauma Outreach Symposium 2012

These symposia offer physicians, nurses, pre-hospital providers and other health care team members the latest pediatric guidelines through patient centered presentations and hands on skills training. We literally take "Children's" on the road and bring education to your community. This series offers CME, CNE, and EMS continuing education credits. Visit our outreach website for updated information and dates.

Sessions and topic will included:

- Skill and Breakout Stations
- Shock, Respiratory, and IV Access
- Trauma and Burn
- Traumatic Brain Injury
- Advanced and Basic Airway Management
- Cardiac
- And more...

More detailed information will be updated on our outreach website:
